

August, 2009

Dear Parents:

Enclosed is the 2009-2010 PreUpper School textbook list (with the exception of the literature books). The cost of the books is the same price that the school pays. Please indicate if you would like to purchase book(s) to be kept at home (in addition to the set of books the student has been given in class) or if you would like to buy the book(s) your student has been assigned. Purchased books are not refunded or turned in at the end of the semester and students are encouraged to write/highlight/take notes in their personal copies. With the exception of the literature paperbacks, all non-purchased textbooks are returned at the end of the course.

Please check the appropriate column of the book(s) you would like to purchase. Return this form with a check to MSA for the total amount. There is no tax on the books. You do not have to purchase your books from MSA if you have another source (i.e. used book store, Internet). (Just so you know . . . www.amazon.com has some of these older textbooks at cheaper prices.)

I advise that you do not purchase books until the second week of school when classes and schedules have stabilized. Also, all textbooks are available in audio form and can be downloaded from the school server. We will show students how to download or burn an audio CD of their textbooks.

Sincerely,

Susan S. Sanders
Principal of the PreUpper School
