## Cross Country

The Mustangs took second place in Tuesday's meet at The Cottage School. This was another tough meet with about 10 teams from both GISA and AAC competing. Luke Cunningham lead the Mustangs with a time of 20:14 in 4<sup>th</sup> place in spite of a blister the size of Montana on the bottom of his foot. Alex Williams was not far behind in 6<sup>th</sup> place with a time of 20:25. Josh Turner ran his first meet with a nice 22:30 in 14<sup>th</sup> place. Patrick Marco and Dave Friedland battled it out behind Josh running 28:52 and 29:03 respectively. Chris Magill also joined the Mustangs for his first meet (and second day ever of running this distance) pulling off a 31:30. Ashley Wheeler represented the MSA ladies finishing in the top ten of the women's group again with a time of 29:28. (From Victoria Jones)

## Fall Book Fair

Congratulations and thanks go to the students, parents and Staff who have helped to make our fall book fair a great success, with sales as of Thursday p.m. totaling over \$5030.00. A special thanks goes to the phenomenal parent volunteers. They have all gone well beyond the call of duty in planning for the fair and in helping me to work with it during my first days at Mill Springs. The teachers are pleased with the many great gift books and gift certificates that they received for their classrooms. The spring book fair is planned for the week of April 21, 2008. (From our Librarian – Woody Driskill)

## Internet Safety Seminar Parent

If you were not able to attend the seminar Thursday evening, the last offering will be held on **October 18<sup>th</sup> from 7-9pm**. This important seminar present by the Georgia Family Council is mandatory for our parents. You will want to be there so you can better understand how to keep your family safe from the dangers that await them on the internet; it is very informative.

## PreUpper Construction

The building is coming along nicely, if you have been on campus or checked the website over the summer, you have seen progress. The majority of the work being done now is interior so it is difficult to see what is going on, but we managed to get pictures of the steeple getting put on the chimney. There is definitely excitement in the air at PreUpper! Click [HERE](#) and scroll down for additional pictures of the steeple and inside of the building.
